

The first Arrow kart designed from the ground up for Dirt Track and Speedway karting
Arrow has been Australia's Number One brand in sprint karting for decades. This is due to many reasons, such as providing winning products, a high level of customer support and great after market service. These same benefits are now available to Dirt Track and Speedway karters with the release of the all-new X1-D.

- 28mm diameter chrome moly tubing main chassis structure
- 1040mm wheelbase
- 40mm diameter **aluminium axle** supported by two bearings
- Machined billet alloy one piece bearing flanges
- Arrow's unique cam-adjusting rear axle ride height system
- 50mm long anodised rear wheel hubs inc. studs & nuts
- Ultra-light quick-change 3-bolt type machined billet alloy sprocket hub
- Slotted rear brake disc. Floating machined billet alloy hub with inbuilt self-loosening system for quick axle changes
- Alloy hydraulic brake caliper
- Machined billet alloy brake master cylinder
- Lightweight forged and machined billet alloy 2-piece pedals
- Arrow's unique self-centering seat washers
- Forged high grade aluminium two piece stub axles with 17mm machined high tensile steel stub shafts (optional 'soft' and 25mm shafts also available)
- Replaceable/removable steering uprights
- 10mm precision ground king-pin bolts
- Adjustable camber/caster (top and bottom)
- Adjustable Ackerman
- Machined alloy steering tie rods
- Aluminium components
- 3-litre quick-release removable fuel tank
- DPE slide-type engine mount with magnesium top plate
- Arrow embroidered 'F1 style' black-spoked, blue suede steering wheel with flat top and bottom and angled steering boss
- Arrow's unique steering bush that allows clamping for easy front end alignment
- KG bodywork in unique silver/grey colour
- Optional front nosecone
- Arrow graphics kit including full colour floortray graphics
- Black powder-coated 3 spoke Edwards Futura alloy wheels; Front 5" wide x 5" diameter super offset; Rear 8" wide x 6" diameter
Optional: Front 5.1" wide x 5" diameter; Rear 8" wide x 5" diameter
